

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of: **Paul A. Kohl, et al.**

Application No.: 10/590,264

Filed: August 18, 2006

For: MICROSTRUCTURE AND METHODS OF FABRICATION THEREOF

STATEMENT OF ASSIGNEE GRANTING CONSENT TO FILE A DECLARATION
PURSUANT TO 35 U.S.C. § 371 (c) (4) NAMING AN INVENTIVE ENTITY DIFFERENT
FROM THE INVENTIVE ENTITY SET FORTH IN THE INTERNATIONAL STAGE

Georgia Tech Research Corporation of the Georgia Institute of Technology (hereafter “Georgia Tech”) hereby gives consent, as designated Assignee of the patent property of the above referenced application, to remove Justin L. Tullis as an inventor.

Furthermore, any inventorship error occurring in the international application (PCT/US05/05088) from which this application claims priority was without any deceptive intention by Georgia Tech.

Respectfully submitted,
GEORGIA TECH RESEARCH CORPORATION
